

Teacher's Corner

A Treasure Trove of Bite-Size learning and Professional Resources from teachers.

Feel confident teaching with on-going support. Teacher's Corner provides a place for you to get started. Whether its support for getting started with a new program, or the need to deep dive into instructional best practices, Teacher's Corner gives teachers an ever-growing library of professional learning resources. From authentic classroom videos to tips from others teachers and experienced coaches, we have trusted resources to enhance your instruction and classroom today and into the future.

The screenshot shows the Teacher's Corner website interface. At the top, there is a header with the text "Welcome to Teacher's Corner!" and a sub-header: "A place for you—to get started with a new program, dive deeper into instructional best practices, or pick up tips from other teachers." The header features a decorative illustration of a yellow armchair, a small table, and a plant. Below the header is a navigation bar with five icons: "Live Events", "Getting Started", "Program Support", "Bookmarks", and "All Resources". The main content area is divided into two sections: "Getting Started" and "Program Support". Each section contains four resource cards. The "Getting Started" section includes cards for "Manage Your Classroom with Routines", "Unboxing Into Math", "Designing Your Into Literature Curriculum", and "Mapping Out Your School Year". The "Program Support" section includes cards for "Dive Deep Into Tiered Support", "Master Class: Introducing Notice & Note Signposts", "Inside a Module", and "8 Tips for Reviewing Response Logs". Each card displays a title, a brief description, and a duration/type indicator.
